

Computer Forensics – Behind the Curtain

Tuesday, April 23, 2013 12:00 p.m. – 1:00 p.m.
Bryan Cave HRO LLP - Denver

David Greetham, National Director of Forensic Services at HSSK Forensics, a Ricoh Company, will give an hour long presentation that will help attendees understand what computer forensics is and how it can be applied in litigation that has electronic discovery requirements. You will also learn about how data is stored and what can be recovered and presented as evidence in litigious matters.

The following topics will be discussed:

- A. Why is computer forensics a science?
- B. Options on forensic collections
- C. Recovery of deleted files
- D. Recover of other evidence from a computer hard drive
- E. Social Networking considerations
